1 Merge WD matter, beginning with title of Section 1

For many documents, you can copy everything from the Working Draft (beginning with the title of Section 1) and paste it here (replacing everything after the number “1” above).

Usually that will work, but if the Working Draft has custom formatting, it may be better to paste this Front Matter into the WD. In that case, be sure to also transfer the footers from this file. Good luck!

1.1 Line numbering

If desired by the TC, line numbering may be turned on for the body, below the “section break” which follows the TOC.

1.2 Metadata

In MS-Word title bar, select File, then Properties. Set the “title” field to the complete title, including “Version X.X”. Set the “author” field to the full name of the TC, including the words “OASIS” and “TC”.

1.3 About this Front Matter template

This template is used by OASIS TC Administration in publication, and is not intended to be used directly by OASIS Technical Committees.¹

1.4 Section Level 2
