To the OASIS Electronic Court Filing Technical Committee:

ImageSoft, Inc. is successfully using the Electronic Court Filing Version 4.01 specification and schemas in accordance with the conformance clauses specified in Section 7 of the specification. Our use has included the interoperation of a single independent implementation supporting multiple courts. Our use has not yet included the interoperation of multiple vendor implementations. However, we anticipate interoperation between our TrueFiling product and other third party implementations soon and recognize the tremendous benefit of using the Electronic Court Filing Version 4.01 specification.

Sincerely,

A handwritten signature in black ink that reads 'Daniel R. Mayernik'.
