SCA-Policy TC Teleconference

7 June 2010

Chairs

Dave Booz

Scribe

Mike Edwards

Meeting Attendees		
Name	**Company**	**Status**
Robert Freund	Hitachi, Ltd.	Group Member
Eric Wells	Hitachi, Ltd.	Group Member
David Booz	IBM	Group Member
Mike Edwards	IBM	Group Member
Simon Holdsworth	IBM	Group Member
Anish Karmarkar	Oracle Corporation	Group Member
Rich Levinson	Oracle Corporation	Group Member
Gilbert Pilz	Oracle Corporation	Group Member
Plamen Pavlov	SAP AG*	Group Member
Tai-Hsing Cha	TIBCO Software Inc.	Group Member
Murty Gurajada	TIBCO Software Inc.	Group Member

Table of Contents

Resolutions

Minutes of Policy TC meeting of May 17th are accepted

Actions

ACTION 20100607-01 (Dave) Update the WSDL of POL_3001_TestCase to use the non-SOAP HTTP binding
ACTION 20100607-02 (Dave) Raise an issue against the Test Assertions document for those assertions marked with "preferred"
ACTION 20100607-03: (Dave) Raise an issue to remove testcases for the TAs POL-TA-70001-70007 and POL-TA-80001-80004 and POL-TA-90003-90008, 90010-11, 90016-20, 90027-28 since they depend on optional function.

Agenda

```
1. Roll call

2. Confirm minute taker

3. Agenda bashing

4. Meeting Minutes
Vote to accept minutes from May 17 2010
- http://www.oasis-open.org/committees/download.php/37836/SCA%20Policy
%20minutes%202010-05-17.pdf

5. TC Administrivia:
a. Recording issue status - 0 Open
b. SCA Liason TC request for compliant implementations - Tuscany,
Fabric 3 and Oracle will implement policy, and others?

6. ACTION ITEMS:
a. 20100517-01: status=done: Dave to raise the length question with TC
Admin

7. CD03 and Public Review 02
```

```
a. Test Assertion CD01 - 17 May 2010 thru 16 July 2010.
b. Specification CD03 - awaiting approval of RDDL update from Assembly

8. New Issues
a. None

9. Issue Discussion
None

10. Testing
a. Test Assertion Progress and review:
http://lists.oasis-open.org/archives/sca-policy/201005/msg00056.html

- Running Testcases:
ODT: http://www.oasis-
open.org/committees/download.php/36717/Running_SCA_Policy_TestCases.odt
PDF: http://www.oasis-
open.org/committees/download.php/36718/Running_SCA_Policy_TestCases.pdf

- Test Assertion Documents:
http://www.oasis-open.org/committees/download.php/37721/sca-policy-1.1-
Test-Assertions-CD01.zip

- Test Case Documents
http://www.oasis-open.org/committees/download.php/38145/sca-policy-1.1-
testcases-wd05.odt
http://www.oasis-open.org/committees/download.php/38144/sca-policy-1.1-
testcases-wd05.pdf

- Testcase code:
http://tools.oasis-open.org/version-control/svn/sca-policy/TestCases/

11. AOB
a. straggler roll
```

(Item 3) Agenda Bashing

No changes

(Item 4) Minutes from previous meeting of Policy TC

Minutes from 17th May 2010
Minutes approved without change

> **Resolution:** **Minutes of Policy TC meeting of May 17th are accepted**

(Item 5) TC Administrivia

a) 0 open items
b) Compliant implementations
None beyond the 3 mentioned: Tuscany, Fabric 3 and Oracle

Dave will convey this list to the Liaison Committee

(Item 6) Action Items

20100517-01: status=done: Dave to raise the length question with TC Admin
- comment that the length of Public Review was in error, the PR request for the TestSuite and PR request for CD03 of the Policy spec got mixed up.
CD03 has not yet happened due to a delay for an item needed from the Assembly TC.
The review of the Test Suite is in progress and is 60 days in length.

(Item8) New Issues

None

(Item 10) Testing

a. Test Suite Progress and review:
http://lists.oasis-open.org/archives/sca-policy/201005/msg00056.html

- Running Testcases:
ODT: http://www.oasis-open.org/committees/download.php/36717/Running_SCA_Policy_TestCases.odt
PDF: http://www.oasis-open.org/committees/download.php/36718/Running_SCA_Policy_TestCases.pdf

Dave discuses the testcases document:
POL_3001_TestCase (page 8)

Currently POL_3001 makes use of a Binding type in the WSDL that is actually proprietary to IBM
Anish: There is a standard non-SOAP HTTP binding available, which can be used for this purpose
Mike: Yes, the standard JDK 6 implementation of JAXWS supports that HTTP binding

ACTION 20100607-01 (Dave) Update the WSDL of POL_3001_TestCase to use the non-SOAP HTTP binding

2) POL_4024_TestCase
Both the test assertions for this testcase are marked "preferred" - what do we want to do with these?
Mike: For me "preferred" Test Assertions are not worth writing testcases for - since a failure may just be the result of not implementing optional function
Eric: How many "preferred" cases are there?
Dave: Not sure, perhaps a handful/
Dave: Ah, this actually looks like an error in the Test Assertions document - it says "preferred" when the spec statement has a "MUST"

ACTION 20100607-02 (Dave) Raise an issue against the Test Assertions document for those assertions marked with "preferred"

3) Point #12 in the Email: POL-TA-70001-70007 and POL-TA-80001-80004 and POL-TA-9003-90008, 90010-11, 90016-20, 90027-28 are marked as mandatory in the TA spec, but are marked as optional in the testcase document.

Dave: I believe the TA spec is wrong because none of the std intents have to supported.
EricW: "Preferred" = SHOULD "Permitted" = MAY - There do not seem to be any "Permitted" TA's
EricW: Maybe we only need an "Optional" = SHOULD or MAY if we are not going to write TC's for them?
Mike: I think that any of the features which are optional should not have testcases

ACTION 20100607-03: (Dave) Raise an issue to remove testcases for the TAs POL-TA-70001-70007 and POL-TA-80001-80004 and POL-TA-90003-90008, 90010-11, 90016-20, 90027-28 since they depend on optional function.

EricW: Would it be possible for the test suite to implement trivial functions for authroization/encryption/etc? Just for test purposes?
Mike: Eric - how would that work? on the SCA runtime side of things, that is...

4) Point #13 - 9019 introduces an interesting precedent in the test cases in that it handles runtimes which might throw up an error for 9006 regarding the lack of a policySet to provide the transactedOneWay and managedTransaction

Mike: This is an example where 2 intents can be examined statically and the error detected without running anything
