## Face to Face meeting

<http://lists.oasis-open.org/archives/cgmo-webcgm/200901/msg00046.html>

When and where and more importantly will enough progress have been made to make the meeting effective?

Looks like late March is a good time for a meeting. A review will be made in four weeks to make sure that progress on the test suite has been made, and that the meeting will be well attended by the implementers.
