This version of the errata is a working draft of the committee. As such, it may change prior to incorporation into a future OASIS Standard. Please send comments to the editors. If you are on the [wss@lists.oasis-open.org](mailto:wss@lists.oasis-open.org) list for committee members, send comments there. If you are not on that list, subscribe to the [wss-comment@lists.oasis-open.org](mailto:wss-comment@lists.oasis-open.org) list and send comments there. To subscribe, send an email message to [wss-comment-request@lists.oasis-open.org](mailto:wss-comment-request@lists.oasis-open.org) with the word "subscribe" as the body of the message. For patent disclosure information that may be essential to the implementation of this specification, and any offers of licensing terms, refer to the Intellectual Property Rights section of the OASIS Web Services Security Technical Committee (WSS TC) web page at <http://www.oasis-open.org/committees/wss/ipr.php>. ## Appendix B: Notices

96 OASIS takes no position regarding the validity or scope of any intellectual property or other rights  
97 that might be claimed to pertain to the implementation or use of the technology described in this  
98 document or the extent to which any license under such rights might or might not be available;  
99 neither does it represent that it has made any effort to identify any such rights. Information on  
100 OASIS's procedures with respect to rights in OASIS specifications can be found at the OASIS  
101 website. Copies of claims of rights made available for publication and any assurances of licenses  
102 to be made available, or the result of an attempt made to obtain a general license or permission  
103 for the use of such proprietary rights by implementers or users of this specification, can be  
104 obtained from the OASIS Executive Director.

105 OASIS invites any interested party to bring to its attention any copyrights, patents or patent  
106 applications, or other proprietary rights which may cover technology that may be required to  
107 implement this specification. Please address the information to the OASIS Executive Director.

111 published and distributed, in whole or in part, without restriction of any kind, provided that the  
112 above copyright notice and this paragraph are included on all such copies and derivative works.  
113 However, this document itself does not be modified in any way, such as by removing the  
114 copyright notice or references to OASIS, except as needed for the purpose of developing OASIS  
115 specifications, in which case the procedures for copyrights defined in the OASIS Intellectual  
116 Property Rights document must be followed, or as required to translate it into languages other  
117 than English.
