Attendees:
Bob Dragoset, NIST
David Marston, IBM
Simon Frechette, NIST
Mark Carlisle, NIST

(Because of lack of a quorum, no items other than those affecting the conduct of this meeting were voted on.)

1. A motion to allow audio recording of the meeting was passed by acclamation.

2. A change of date for the October meeting (due to schedule conflicts) was discussed. The issue will be resolved by email vote.

3. Minutes for the August 9, 2006, meeting will be voted on for approval by email.

4. TC deliverables were briefly reviewed.

5. Previously submitted FAQ were discussed. A vote on their acceptance as draft FAQ will be done by email.

6. A vote to accept UnitsML schema version 0.9.2 as the draft schema will be done by email.

7. Naming and Design Rules (NDR) were discussed.

8. A face-to-face TC meeting at a 2007 OASIS meeting was discussed.
