

| Topic | Description of change | Author or editor | Reference to review comment |
|--|---|-------------------------|------------------------------------|
| 2.1.1.1 About the specification source | Added <p> acknowledging XSL-FO software used to generate PDFs | Eberlein | None |
| 2.1.2.2.4 DITA map attributes | Modified description of @locktitle attribute to improve clarity | Yeo | |
| 2.1.3.4.3.3 Processing key references | Added @processing-role to list of attributes that do not propagate from keydef to keyref per discussion with Tarun Garg | Kimber | C024 |
| 2.1.3.4.3.4 Examples of keys | Corrected "mapgroup" to "mapgroup-d" in examples | Kimber | |
| 2.1.3.6 Conditional processing (profiling) | Clarified use of the @rev attribute | Eberlein | C02 |
| 2.1.3.6 Conditional processing (profiling) | Updated content to reflect fact that processors may treat @otherprops the same as @props but do not need to. | Kimber | C032 |
| 2.1.3.9.1 The @xml:lang attribute | Updated following discussion on TC list in threads "Clarification needed on whether xml:lang is required" and "Cascading of xml:lang attribute"; removed a stray quotation mark | Yeo | |
| 2.1.4.2 Configuration (Document type shells) | Added "coding requirements" terminology | Kimber | C017 |
| 2.1.4.3 Specialization | Incorporated missing content on attribute specialization from 1.1 spec. | Kimber | C036 |
| 2.1.4.3.4 Domain usage declaration (the @domains attribute) | Consolidated syntax details of @domain specifications into domains attribute topic. Replaced redundant text with xref to that topic. | Kimber | C018 |
| 2.1.4.3.8.1.5 Attribute domain module coding requirements | Consolidated syntax details of @domain specifications into domains attribute topic. Replaced redundant text with xref to that topic. | Kimber | C018 |
| 2.1.4.3.8.2.1 General element type declaration coding requirements | Made distinction between XSD files for domains and XSD files for structural modules more obvious by reordering the wording. | Kimber | C028 |
| 2.1.4.3.8.2.3 Attribute domain coding requirements | Consolidated syntax details of @domain specifications into domains attribute topic. Replaced redundant text with xref to that topic. | Kimber | C018 |
| 2.1.4.4.2 Constraint module XSD coding requirements | Modified content in "Requirements for constraint definition modules" section | Kimber | C020, C021 |
| 3.1.2.2.5 topichead | Added @copy-to to topichead | Anderson | C016 |
| 4 Conformance | Corrected usage of "key words" and added quotation marks | Eberlein | D030 |
| Appendix A Acknowledgments | Corrected Kris Eberlein's company affiliation | Anderson | None |
| B.7 DTD organization | Clarify meaning of 1.x in DTD and Schema identifiers | Anderson | C036 |
| B.8 XML schema organization | Clarify meaning of 1.x in DTD and Schema identifiers | Anderson | C036 |

Comments from the public review of DITA 1.2, 7 July 2010 - 5 September 2010

This page contains information about the comments received on the dita-comment and DITA TC e-mail lists during the 60-day public review of DITA 1.2.

Important: [Eberlein, 31 August 2010] If you modify a DITA file in response to one of this comments, be sure and use a @rev attribute with a value of "public-review-1".

| # | Date | Person | Subject | Link to comment | Assigned to | Disposition | Action | Notes |
|------|--------------|-------------------|---|--|--|--------------------------------------|---|---|
| C001 | 10 July 2010 | Su-Laine Yeo | FW: Unaddressed comments from Tech Review 3 | http://lists.oasis-open.org/archives/dita-comment/201007/msg00000.html | John Hunt | ✓ | Posted responses to all of the comments. | |
| C002 | 15 July 2010 | Su-Laine Yeo | Conditional processing with the @rev attribute | http://www.oasis-open.org/apps/org/workgroup/dita/email/archives/201007/msg00035.html | Eberlein | ✓ | Work completed; see http://www.oasis-open.org/apps/org/workgroup/dita/email/archives/201008/msg00163.html | |
| C003 | 15 July 2010 | Su-Laine Yeo | Broken <mapref> in learningTraining elements.ditamap | http://lists.oasis-open.org/archives/dita-comment/201007/msg00001.html | John Hunt | ✓ | The target file in question, keys-learningTraining.ditamap, is in the source tree, so I assume this issue is now resolved. | |
| C004 | 15 July 2010 | Su-Laine Yeo | Issues with DITA 1.2 CD03: Obsolete file and broken cross-references | http://lists.oasis-open.org/archives/dita-comment/201007/msg00002.html | Seth Park, Robert Anderson, Kris (obsolete file) | Obsolete file: ✓ Broken <xref>: ✓ | Obsolete file, see http://lists.oasis-open.org/archives/dita-comment/201007/msg00005.html | [Eberlein, 24 Aug] Broken <xref> is a problem with the PDF processing |
| C005 | 19 July 2010 | Su-Laine Yeo | MSXML parser and XSDs | http://lists.oasis-open.org/archives/dita-comment/201007/msg00003.html | Eric Sirois | ✓ | Working on a fix. | |
| C006 | 21 July 2010 | Tarun Garg | @conkeyref resolution using <topicmeta> of key definition | http://lists.oasis-open.org/archives/dita/201007/msg00076.html | Robert, Eliot | ✓ | Comment is correct. Updated this section of the topic to remove reference to @conkeyref. | |
| C007 | 21 July 2010 | Toshihiko Makita | About the range of indexterm written in topic/prolog/metadata | http://lists.oasis-open.org/archives/dita-comment/201007/msg00010.html More at http://lists.oasis-open.org/archives/dita-comment/201007/msg00010.html and (direct pointer to the relevant text in the spec) http://docs.oasis-open.org/dita/v1.2/cd03/spec/langref/indexterm.html | Robert | ✓ | Robert sent explanation to the comment list. | Michael Priestley heavily involved in this design; if considering a change, wait to discuss until he returns week of 8/23. |
| C008 | 21 July 2010 | Johannes Graubner | DITA 1.2 <hazardstatement> <messagepanel> | http://lists.oasis-open.org/archives/dita-comment/201007/msg00012.html | Don--follow up with member of that SC | (./) | contacted: http://lists.oasis-open.org/archives/dita-comment/201009/msg00012.html | The commenter is satisfied that the design meets ANSI objectives. |
| C009 | 21 July 2010 | Johannes Graubner | <hazardstatement> and <note> | http://lists.oasis-open.org/archives/dita-comment/201007/msg00011.html | Chris Kravogel, JoAnn | ✓ | This note was regarding an OASIS DITA Adoption TC feature article. It does not apply to the DITA 1.2 Specification. I responded to Johannes with an email. | |
| C010 | 21 July 2010 | Nakshatra Bhardwa | DITA1.2: Query on <desc> element's content in a key referencing<link> element | http://lists.oasis-open.org/archives/dita-comment/201007/msg00013.html | Robert, Eliot | ✓ | | Eliot pointed to the definition in the spec |
| C011 | 22 July 2010 | Nakshatra Bhardwa | Query on key referencing element's @processing-role | http://lists.oasis-open.org/archives/dita-comment/201007/msg00016.html | Eliot | ✓ | Sent response to Nakshatra agreeing that @processing-role should not propagate from key definitions to key references. | Have a related question on the language in section 2.1.3.4.3.3 Processing key references about attributes on key definitions taking precedence over key |

| | | | | | | | | |
|------|----------------|---------------|--|---|--|---|---|---|
| | | | | | | | | references. Have sent note to MP. |
| C012 | 28 July 2010 | Tarun Garg | (TC) Attributes for topicrefs that use @keyref | http://lists.oasis-open.org/archives/dita/201007/msg00088.html | Robert | ✓ | | Clarified intent in response to list, awaiting any more comment |
| C013 | 28 July 2010 | Tarun Garg | (TC) @keys in <mapref> | http://lists.oasis-open.org/archives/dita/201007/msg00089.html | Robert | ✓ | Fixed mapref topic in lang spec to include @keys | |
| C014 | 28 July 2010 | Tarun Garg | (TC) @keys in <topicsetref> | http://lists.oasis-open.org/archives/dita/201007/msg00090.html | Kris (completed by Robert) | ✓ | | Clarified intent in response to list, awaiting any more comment |
| C015 | 10 August 2010 | Tarun Garg | (TC) @processing-role cascade for nested topicrefs | http://lists.oasis-open.org/archives/dita/201008/msg00048.html | Eliot | ✓ | | Sent response to Tarun to the effect that @processing-role behaves like @toc and explicit values of "normal" override ancestor values of "resource-only". Requires correction to 2.1.3.2 per my response. |
| C016 | 11 August 2010 | Eliot Kimber | (TC) Bug in mapGroup: copy-to not allowed on topichead | http://lists.oasis-open.org/archives/dita/201008/msg00054.html | Robert and Eric (DTDs and Schemas) | ✓ | Need to update DTDs and Schemas | |
| C017 | 12 August 2010 | Eliot Kimber | (TC) Spec Comment: Editorial | http://lists.oasis-open.org/archives/dita/201008/msg00062.html | Eliot | ✓ | | |
| C018 | 12 August 2010 | Eliot Kimber | (TC) Review Comment: General: @domains details scattered/underspecified | http://lists.oasis-open.org/archives/dita/201008/msg00063.html | Eliot | ✓ | Reworked spec per comment | |
| C019 | 12 August 2010 | Doug Morrison | (TC) Thoughts on topicgroup, navtitle, and locktitle | http://lists.oasis-open.org/archives/dita/201008/msg00064.html | Robert | ✓ | No change to spec - keeping wording that appears in draft. | 1 Sep update from Eliot: http://lists.oasis-open.org/archives/dita/201009/msg00004.html |
| C020 | 16 August 2010 | Eliot Kimber | (TC) 2.1.4.4.2 Constraint module XSD codingrequirements: Error in example | http://lists.oasis-open.org/archives/dita/201008/msg00066.html | Eliot | ✓ | Eliot to provide example; confirm testing with Sirois | |
| C021 | 16 August 2010 | Eliot Kimber | (TC) 2.1.4.4.2 Constraint module XSD coding requirements:Clarify coding detail | http://lists.oasis-open.org/archives/dita/201008/msg00067.html | Eliot | ✓ | Eliot to add note of explanation | |
| C022 | 17 August 2010 | Su-Laine Yeo | content outcomes of "cascading xml:lang attribute" | http://lists.oasis-open.org/archives/dita/201008/msg00007.html | JoAnn (for DATC), Su-Laine (for rewrite) | ✓ | Read the revision once the docs are re-processed after Public Review. | |
| C023 | 23 August 2010 | Tarun Garg | (TC) Resource-only topicref referred through Reltable | http://lists.oasis-open.org/archives/dita/201008/msg00077.html | David | ✓ | David clarified with Tarun. | |
| C024 | 24 August 2010 | Eliot Kimber | (TC) 2.1.3.4.3.3 Processing key references: Remove para starting "When attributes are combined..." | http://lists.oasis-open.org/archives/dita/201008/msg00082.html | Eliot | ✓ | Michael P concurs; watch for update. | |
| C025 | 25 August 2010 | Tarun Garg | (TC) Href in image correction | http://lists.oasis-open.org/archives/dita/201008/msg00108.html , http://lists.oasis-open.org/archives/dita-comment/201008/msg00008.html | Robert | ✓ | Corrected spec topic to list @href as optional | |
| C026 | x August 2010 | Tarun Garg | (TC) Propagating Attribute Values | http://lists.oasis-open.org/archives/dita/201008/msg00097.html | Eliot | ✓ | Responded on DITA mailing list | |

| | | | | | | | | |
|------|----------------|-----------------|--|---|----------------|---|--|---|
| C027 | 26 August 2010 | Don Day | (TC) OASIS-internal form of link in Acronyms topic | http://lists.oasis-open.org/archives/dita-comment/201008/msg00009.html | Robert | ✓ | Corrected link | |
| C028 | 29 August 2010 | Eliot Kimber | XSD Specialization Coding Requirements: Need to clarify organization of components into *Mod.xsd, *Grp.xsd | http://lists.oasis-open.org/archives/dita-comment/201008/msg00011.html | Eliot, Sirois? | ✓ | Updated spec per comment. | |
| C029 | 30 August 2010 | Jeremy Griffith | linktext content model | http://lists.oasis-open.org/archives/dita-comment/201008/msg00013.html | Robert | ✓ | Robert's investigation: http://lists.oasis-open.org/archives/dita/201009/msg00023.html ; Gershon will send task for socializing the decided-on impacts to the Adoption TC | Need to update DTD, Schema, Language spec |
| C030 | 30 August 2010 | Doug Morrison | (TC) DITA 1.2 Review: Conformance section should have listed key words in quotes | http://lists.oasis-open.org/archives/dita/201008/msg00158.html | Eberlein | ✓ | Updated files in SVN; replied to Doug Morrison | |
| C031 | 1 Sept 2010 | Tarun Garg | (TC) @keys in a conref | http://lists.oasis-open.org/archives/dita/201009/msg00001.html | Eliot | ✓ | Response sent by WEK 1 Sept 2010 | |
| C032 | 7 Sept 2010 | Eliot | (TC) Clarify requirements for @otherprops | http://lists.oasis-open.org/archives/dita-comment/201009/msg00001.html | Eliot | ✓ | Updated condproc.dita per comment. | |
| C033 | 8 Sept 2010 | Chris Nitchie | (TC) Bugs in L&T schemas | http://lists.oasis-open.org/archives/dita/201009/msg00035.html | Sirois | ✓ | | |
| C034 | 14 Sept 2010 | Kimber | (TC) @processing-role | http://lists.oasis-open.org/archives/dita/201009/msg00056.html | Eliot | ✓ | | |
| C035 | 14 Sept 2010 | Kimber | (TC) XSD constraints | http://lists.oasis-open.org/archives/dita/201009/msg00053.html | Eliot | ✓ | Added naming rule for intermediate files per comment. | |
| C036 | 14 Sept 2010 | Tarun Garg | (TC) Understanding Public ID using '1.0' | http://lists.oasis-open.org/archives/dita/201009/msg00051.html | Robert | ✓ | Clarify meaning of 1.n, 1.x, etc. In appendix 5.9 | |
| C036 | 21 Sept 2010 | Kimber | (TC) Missing paragraphs on attribute specialization | http://lists.oasis-open.org/archives/dita/201009/msg00081.html | Eliot | ✓ | Incorporated original content, edited for consistency with 1.2 spec | |
