OASIS Event URL:

Date: June 3rd, 2015 - 16:00 CET

Present:
- Serge Huber (Jahia Solutions)
- Kaloyan Nikolov (Telerik/Progress)
- Christophe Laprun (Jahia Solutions)
- Jan Blessenohl (Telerik/Progress)

Excused:
- Thomas Sigdestad (Enonic)

Agenda:
- Track attendance (required, counts towards voting eligibility)
- Update of status from the Workgroups
- Distribution of new tasks to the Workgroups
- Other information from the TC/Oasis

Notes:
- Every workgroup reported on their status, initial velocity was a little slow but that is to be expected, we hope it will go a little faster now that we have a common understanding of the terms and the type of work needed.
  - Workgroup 1: worked on OASIS CXS TC PR and setup two webinars target at marketing automation vendors that will take place on June 15th at 15:00 CET and June 15th 21:30 CET and advertised in the official OASIS PR to be launch June 3rd, 2015
  - Workgroup 2: Agreed on the high level goals for the CMS-CXS use cases; Started with the use case definitions
  - Workgroup 3: Made good progress on first use case (personalized newsletter involving complex profile metadata), might require a little bit more work to finalize the use case. Find the newsletter user story here.
- No new work group tasks, actual not yet finished
- Some confusion about the monthly time and date, Serge says he’ll do better next time.
  Next meeting will take place Wednesday July 1st, 2015 at 16:00 CET
- Seems there is an issue with the recurrence of the monthly meeting. We need to correct that.

Action items:
- Post meeting minutes to CXS mailing list (Serge)
- Send mail in the CXS mailing list to have more people participate in the workshops as there is a lot of work to be done (Serge)
- Modify the recurrence of the monthly meeting (Serge)
