OASIS

Customization discussion

The Thursday plenary on customization began with an opinion piece from the chair that added some further thoughts in response to the Tuesday discussion. The chair's opinion piece as it stood at the beginning of the Thursday afternoon session can be found under "Documents/Meeting Notes" as the file chair-opinion-20040513.pdf. The chair had to leave immediately thereafter for a press conference, and the Thursday plenary continued the discussion of customization with Mavis Cournane serving as moderator.

The preliminary exploration of this topic in Hong Kong served to familiarize the group with some issues to be dealt with. The state of the customization discussion as it stood at the end of the week is very briefly summarized in Friday's Tech Track report (techtrack-rpt-20040514.ppt). The topic of customization will continue as an agenda item for TC meetings over the next quarter, beginning with a further definition of use cases.

Attendance 13 May 2004

Present in person:

Jon Bosak (chair)
William Chan
Mavis Cournane
Mark Crawford (vice chair)
Stephen Green
Anne Hendry
G. Ken Holman
Sung Hyuk Kim
Tim McGrath
