 - Final SC Review
- [STIX/TAXII 2.1 Interoperability Test Document Part 2](#)
 - On roadmap - Be sure to review & comment
- STIXPreferred Website
 - Update Website & Develop Workflows

Marlon Taylor

Gave update

- Richard Struse is stepping down as CTI TC co-chair.
- We have opened up a call for nominations Tuesday for people to fill Rich's TC co-chair role.
- The call for nominations closes 23:59 EDT Friday 23 July 2021.
- We have reserved this time today for anyone wishing to put their name forward for Rich's TC co-chair role to do so and to make their pitch to the TC.
- After the call for nominations ends we will either open a ballot or make a motion by unanimous consent, depending on whether we have multiple candidates for Rich's TC co-chair role.

Steve Relitz

- Is there a plan for an Interop?

David Girard

International travel has been banned

Marlon Taylor

We hope to be able to support a Virtual/Hybrid PlugFest
[Discussed need for a Co-Chair for the CTI TC]
Opened up discussion for Vision for the future

Christian

Using in the ICS context

Jane Ginn

Using in the social media context

Steve Relitz

[Noted the role for Analyst in the MRTI context]

Marlon Taylor

- We still urgently need TC members to fill these roles vacated by Bret Jordan:
 - STIX SC co-chair
 - TAXII SC chair/co-chairs
 - one or more people willing to serve as a specification editor
- Let's discuss the near-term future of the STIX and TAXII subcommittees on the September call to assess the pros and cons of putting these subcommittees on hiatus while we focus on the work of the Interop SC.
 - Any objections?
- **Regardless, we still urgently need TC members to volunteer to serve as specification editors.**

Meeting Terminated
