Minutes August 9, 2021 meeting

Action items on abbie and bojan to use cases
On google drive don uploaded initial table on content
We need a list of owners
Terminology also is needed (action on abbie)
Key benefits of use cases.
Lauri suggested that we add to the use cases a section that states elements and what it covers.

Action items

1. Lauri to add the SUSHI use case
2. Lauri to add elements on the use case to consider
3. Threat model is needed,
4. What information is included in the QR code
5. We should encrypt the QR code and put the modality FIDO URL for example

Authorizations is out of scope.
