

ebSOA Teleconference Meeting Minutes - May 26, 2004

Minute taker: Dan Pattyn

Meeting Chair: Dan Pattyn

Roll Call

- a. Joe Chiusano (Booze Allen Hamilton)
- b. Sally St. Amand (Individual)
- c. Kathryn Breininger (Boeing)
- d. Hamid Ben Malek (Fujitsu)
- e. Tim Mathews (LMI)
- f. John Yunker (Individual)
- g. David RR Webber (Individual)
4. Excused Absences
- a. Duane Nickull (Adobe) - Excused Absence
- b. Matt MacKenzie (Adobe) - Excused Absence

Meeting started with roll call and approval of last meeting minutes.

A general discussion was held with regard to the document structure.

It was

agreed to include a sections in the document for Target Audience of the spec. After discussion, target audience was agreed to include

- . Person responsible for Business Profit and Loss
- . Business Analyst
- . System Analyst
- . Developer

2. Section to explain the differences of service orientation vs. object orientation

3. Section on Core Principles of SOA such as agility, transparency etc.

4. Section on explanation of SOA benefits mapped to target audiences in action item #1

5. Section on Security. What does security mean in SOA when perimeter security not longer applies? How do you secure the application?

Approaches using SAML, WS Security, XKMS etc.

6. Section on Levels of Participation in SOA,
Exposing data, Discovery, Orchestration, Security

7 Section on Service Oriented Integration

8. SOA Pattern Notation that would abstract up the focus to a higher level.

E.g. BPSS as a black box

9. Section on Business Process Integration and SOA. What are the different

approaches for the SMB vs. a large enterprise? What does the SMB use if it

can't afford an Enterprise Service Bus

10. Section on Description of pain points of organizations implementing ebXML. What are their problems that SOA solves?

11. Section on Choreography and Orchestration definitions and usage patterns

12. Section on Semantic Mappings and Reference Model. Provide a neutral way

of understanding stakeholders perspective. (I don't know if I captured this

correctly or adequately.)

David Webber agreed to initiate a liaison with AIAG on the problems they

face for SOA

Dan Pattyn agreed to establish an action item tracking table and post to Kavi.

Meeting adjourned by Dan Pattyn
