

Donations

OASIS welcomes donations from organizations and individuals in order to underwrite the cost of Member Section activities.

- Organizations and individuals may donate any amount to advance the work of a Member Section.
- Pending Steering Committee approval, a donor may request how their contributed funds are spent (e.g., to defer Member Section meeting costs, produce a brochure, fund a white paper, hire a program manager). The cost of such activities will include administrative expenses or other overhead borne by the Member Section.
- OASIS members who donate 5,500 USD or more annually (in addition to their OASIS Foundational or Sponsor-level dues) may have their organization's logo linked from every page of the Member Section web site. (Anonymous donations will also be accepted.)
- In addition to logo placement, OASIS Foundational and Sponsor-level members may receive appropriate credit for specific donations, e.g. "This Member Section white paper was funded by <organization-name>".
- Benefits currently offered to Member Section Supporting Entities will not change as a result of this program. Supporting Entities will continue to be listed on the Member Section's "members" page, regardless of whether or not they donate extra funds.
- Donations not spent in full within one year by the Member Section will be reverted to the OASIS general budget.

Contact [Member Services](#) [1] for more information on donating to an OASIS Member Sections.
