
15-day Public Review for TestCases for the SCA JMS Binding Specification Version 1.1

Submitted by censign on Tue, 2011-09-13 23:30

Type:

15-day Public Review

The OASIS Service Component Architecture / Bindings (SCA-Bindings) TC members have produced an updated Committee Specification Draft (CSD) and submitted this specification for 15-day public review:

TestCases for the SCA JMS Binding Specification Version 1.1

Committee Specification Draft 02 /Public Review Draft 02

14 July 2011

Specification Overview:

The test case definitions and implementation artifacts for the SCA JMS Binding testcases.

TC Description:

The SCA Bindings technical committee defines the manner in which SCA composites and components communicate using a variety of protocols.

Public Review Period:

The public review starts 14 September 2011 and ends 29 September 2011. The specification was previously submitted for a 30-day public review on 24 November 2010 [2]. This 15-day review is limited in scope to changes made from the previous review.

Changes are highlighted in the diff-marked PDF file [3].

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

Additional information about the specification and the OASIS Service Component Architecture / Bindings (SCA-Bindings) TC may be found at the TC's public home page located at:

<http://www.oasis-open.org/committees/sca-bindings/> [7]

Comments may be submitted to the TC by any person through the use of the OASIS TC Comment Facility which can be accessed via the button labeled "Send A Comment" at the top of the TC public home page, or directly at:

http://www.oasis-open.org/committees/comments/form.php?wg_abbrev=sca-bin... [8]

Feedback submitted by TC non-members for this work and for other work of this TC is publicly archived and can be viewed at:

<http://lists.oasis-open.org/archives/sca-bindings-comment/> [9]

All comments submitted to OASIS are subject to the OASIS Feedback License, which ensures that the feedback you provide carries the same obligations at least as the obligations of the TC members. In connection with this public review of TestCases for the SCA JMS Binding Specification Version 1.1, we call your attention to the OASIS IPR Policy [4] applicable especially [5] to the work of this technical committee. All members of the TC should be familiar with this document, which may create obligations regarding the disclosure and availability of a member's patent, copyright, trademark and license rights that read on an approved OASIS specification. OASIS invites any persons who know of any such claims to disclose these if they may be essential to the implementation of the above specification, so that notice of them may be posted to the notice page for this TC's work.
