
15-day Public Review for #WS-BRSP Basic Security Profile Version 1.1 - ends September 13th

Submitted by pknight on Fri, 2014-08-29 18:30

Type:

Public Review

The OASIS Web Services Basic Reliable and Secure Profiles (WS-BRSP) TC members [1] have produced an updated Committee Specification Draft (CSD) and submitted this specification for 15-day public review:

Basic Security Profile Version 1.1

Committee Specification Draft 02 / Public Review Draft 02

06 August 2014

Specification Overview:

The Basic Security Profile is an extension profile to the Basic Profile (either v1.1 or v1.0), consisting of a set of clarifications, refinements, interpretations and amplifications to a combination of non-proprietary Web services specifications in order to promote interoperability. It is designed to support the addition of security functionality to SOAP messaging.

Public Review Period:

The public review starts 30 August 2014 at 00:00 UTC and ends 13 August 2014 at 23:59 UTC. The specification was previously submitted for public review [2]. This 15-day review is limited in scope to changes made from the previous review. Changes are highlighted in a diff-marked PDF file [3].

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

Additional information about this specification and the WS-BRSP TC may be found on the TC's public home page located at:

<https://www.oasis-open.org/committees/ws-brsp/> [5]

Comments may be submitted to the TC by any person through the use of the OASIS TC Comment Facility which can be accessed via the button labeled "Send A Comment" at the top of the TC public home page, or directly at:

https://www.oasis-open.org/committees/comments/form.php?wg_abbrev=ws-brsp [6]

Feedback submitted by TC non-members for this work and for other work of this TC is publicly archived and can be viewed at:

<https://lists.oasis-open.org/archives/ws-brsp-comment/> [7]

All comments submitted to OASIS are subject to the OASIS Feedback License, which ensures that the feedback you provide carries the same obligations at least as the obligations of the TC members. In connection with this public review of 'Basic Security Profile Version 1.1', we call your attention to the OASIS IPR Policy [4] applicable especially [5] to the work of this technical committee. All members of the TC should be familiar with this document, which may create obligations regarding the disclosure and availability of a member's patent, copyright, trademark and license rights that read on an approved OASIS specification.

OASIS invites any persons who know of any such claims to disclose these if they may be essential to the implementation of the above specification, so that notice of them may be posted to the notice page for this TC's work.
