

## 15-day Public Review for #XACML v3.0 Privacy Policy Profile Version 1.0 - ends Nov. 26th

Submitted by cesign on Tue, 2014-11-11 14:24

**Type:**

Public Review

The eXtensible Access Control Markup Language (XACML) TC members [1] have produced an updated Committee Specification Draft (CSD) and submitted this specification for 15-day public review:

XACML v3.0 Privacy Policy Profile Version 1.0  
Committee Specification Draft 05 / Public Review Draft 03  
16 October 2014

**Specification Overview:**

This Committee Specification Draft describes a profile of XACML for expressing privacy policies.

**TC Description:**

XACML is expected to address fine grained control of authorized activities, the effect of characteristics of the access requestor, the protocol over which the request is made, authorization based on classes of activities, and content introspection (i.e. authorization based on both the requestor and potentially attribute values within the target where the values of the attributes may not be known to the policy writer). XACML is also expected to suggest a policy authorization model to guide implementers of the authorization mechanism.

**Public Review Period:**

The public review starts 12 November 2014 at 00:00 UTC and ends 26 November 2014 at 23:59 UTC. The specification was previously submitted for public review [2]. This 15-day review is limited in scope to changes made from the previous review.

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

**URIs:**

The prose specification document and related files are available here:

Comments may be submitted to the TC by any person through the use of the OASIS TC Comment Facility which can be accessed via the button labeled "Send A Comment" at the top of the TC public home page, or directly at:

[http://www.oasis-open.org/committees/comments/form.php?wg\\_abbrev=xacml](http://www.oasis-open.org/committees/comments/form.php?wg_abbrev=xacml) [7]

Feedback submitted by TC non-members for this work and for other work of this TC is publicly archived and can be viewed at:

<http://lists.oasis-open.org/archives/xacml-comment/> [8]

All comments submitted to OASIS are subject to the OASIS Feedback License, which ensures that the feedback you provide carries the same obligations at least as the obligations of the TC members. In connection with this public review of 'XACML v3.0 Privacy Policy Profile Version 1.0', we call your attention to the OASIS IPR Policy [3] applicable especially [4] to the work of this technical committee. All members of the TC should be familiar with this document, which may create obligations regarding the disclosure and availability of a member's patent, copyright, trademark and license rights that read on an approved OASIS specification.

OASIS invites any persons who know of any such claims to disclose these if they may be essential to the implementation of the above specification, so that notice of them may be posted to the notice page for this TC's work.
