Type:

Public Review

The OASIS eXtensible Access Control Markup Language (XACML) TC [1] members have recently approved a Committee Specification Draft (CSD) and submitted this specification for 30-day public review:

REST Profile of XACML v3.0 Version 1.0

Committee Specification Draft 01 / Public Review Draft 01

15 November 2012

Specification Overview:

This specification defines a profile for the use of the OASIS eXtensible Access Control Markup Language (XACML), versions 3.0 [XACMLv3] and earlier. Use of this profile requires no changes or extensions to the XACML standard.

This specification begins with a non-normative discussion of the topics and terms of interest in this profile. The normative section of the specification describes the details of web services that conforming implementations must support.

TC Description:

The XACML Technical Committee defines a core XML schema for representing authorization and entitlement policies.

Public Review Period:

The public review starts 14 December 2012 and ends 13 January 2013.

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.
