

30-day Public Review for SAML V2.0 Metadata Extensions for Registration and Publication Information Version 1.0

Submitted by censign on Sat, 2011-10-01 17:28

Type:

Public Review

The OASIS Security Services TC [1] members have recently approved a Committee Specification Draft (CSD) and submitted this specification for 30-day public review:

SAML V2.0 Metadata Extensions for Registration and Publication Information Version 1.0
Committee Specification Draft 01 / Public Review Draft 01
26 July 2011

Specification Overview:

This document defines a set of extensions to SAML metadata that provide information about the creation and intended usage of the metadata document and information about who and how particular entities were registered.

Public Review Period:

The public review starts Monday, 3 October 2011 and ends Wednesday, 2 November 2011.

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

URIs:

The complete package of the prose specification document and related files are available in the ZIP distribution file at:

<http://www.oasis-open.org/committees/download.php/43729/saml-metadata-rp...> [1]

Additional information about the specification and the OASIS Security Services TC may be found at the TC's public home page:

<http://www.oasis-open.org/committees/security/> [2]

Comments may be submitted to the TC by any person through the use of the OASIS TC Comment Facility

which can be located via the button labeled "Send A Comment" at the top of the TC public home, or directly at:

http://www.oasis-open.org/committees/comments/index.php?wg_abbrev=security [3]

Comments submitted by TC non-members for this work and for other work of this TC are publicly archived and can be viewed at:

<http://lists.oasis-open.org/archives/security-services-comment/> [4]

All comments submitted to OASIS are subject to the OASIS Feedback License, which ensures that the feedback you provide carries the same obligations at least as the obligations of the TC members. In connection with this public review of SAML V2.0 Metadata Extensions for Registration and Publication Information Version 1.0, we call your attention to the OASIS IPR Policy [2] applicable especially [3] to the work of this technical committee. All members of the TC should be familiar with this document, which may create obligations regarding the disclosure and availability of a member's patent, copyright, trademark and license rights that read on an approved OASIS specification. OASIS invites any persons who know of any such claims to disclose these if they may be essential to the implementation of the above specification, so that notice of them may be posted to the notice page for this TC's work.
