

30-day Public Review for #TGF: Impact of the Internet of Things Version 1.0 - ends December 6th

Submitted by cesign on Thu, 2014-11-06 18:59

Type:

Public Review

The OASIS Transformational Government Framework TC [1] members have recently approved a Committee Note Draft (CND) and submitted it for 30-day public review:

TGF: Impact of the Internet of Things Version 1.0
Committee Note Draft 01 / Public Review Draft 01
16 October 2014

Overview:

The Committee Note provides an impact assessment of the new opportunities becoming available through the development of the Internet of Things (IoT) on Transformational Government programs and the delivery of services by the public sector. It seeks to identify the issues that need to be addressed and makes recommendations on how best to tackle these and how the Transformational Government Framework (TGF) v2.0 can be utilized to ensure the optimum advantage is taken of these new opportunities.

TC Description :

The Transformational Government TC advances an overall framework for using information technology to improve the delivery of public services. Unlike traditional e-Government strategies of the past, Transformational Government begins with citizen engagement to assure greater use and return on investment. The work of the TC includes defining the framework, identifying use cases, and providing adoption guidance for governments around the world, regardless of their history in implementing eGov.

Public Review Period:

The public review starts 07 November 2014 at 00:00 UTC and ends 06 December 2014 at 23:59 UTC.

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

Reviewers may provide comments directly from the comment-tag version of document. The file

TGF-IoT-Impact-v1.0-cnprd01-COMMENT-TAGS.html

contains the HTML version of the draft with a [?\[comment?\]?](#) link next to each section heading. Clicking on this link will launch your email application and begin a message to tgf-comment@lists.oasis-open.org [1] with the specific section number and title in the subject line. Simply enter your comment and click send.

Note that you must be subscribed to the comment mailing list before sending feedback. Instructions on how to subscribe can be found at https://www.oasis-open.org/committees/comments/index.php?wg_abbrev=tgf [2].

Comments may be submitted to the TC by any person through the use of the OASIS TC Comment Facility which can be used by following the instructions on the TC's "Send A Comment" page, or directly at:

https://www.oasis-open.org/committees/comments/index.php?wg_abbrev=tgf [2]

Comments submitted by TC non-members for this work and for other work of this TC are publicly archived and can be viewed at:

<https://lists.oasis-open.org/archives/tgf-comment/> [9]

All comments submitted to OASIS are subject to the OASIS Feedback License, which ensures that the feedback you provide carries the same obligations at least as the obligations of the TC members. In connection with this public review of "TGF: Impact of the Internet of Things Version 1.0," we call your attention to the OASIS IPR Policy [2] applicable especially [3] to the work of this technical committee. All members of the TC should be familiar with this document, which may create obligations regarding the disclosure and availability of a member's patent, copyright, trademark and license rights that read on an approved OASIS specification.

OASIS invites any persons who know of any such claims to disclose these if they may be essential to the implementation of the above specification, so that notice of them may be posted to the notice page for this TC's work.
