# 30-day Public Review for TOSCA Simple Profile in YAML v1.1 - ends Nov. 16th

Submitted by cesign on Mon, 2016-10-17 16:18

**Type:**

Public Review

The OASIS Topology and Orchestration Specification for Cloud Applications (TOSCA) TC [1] members have recently approved a Committee Specification Draft (CSD) and submitted it for 30-day public review:

TOSCA Simple Profile in YAML Version 1.1

Committee Specification Draft 01 / Public Review Draft 01

25 August 2016

What is the TOSCA Simple Profile in YAML and why is it important?

TOSCA Simple Profile in YAML defines a simplified profile of the TOSCA Version 1.0 specification in a YAML rendering which is intended to simplify the authoring of TOSCA service templates. This profile defines a less verbose and more human-readable YAML rendering, reduced level of indirection between different modeling artifacts as well as the assumption of a base type system.

Public Review Period:

The public review starts 18 October 2016 at 00:00 UTC and ends 16 November 2016 at 23:59 UTC.

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

Reviewers may provide comments directly from the comment-tag version of document. The file

`TOSCA-Simple-Profile-YAML-v1.1-csprd01-COMMENT-TAGS.html`

contains the HTML version of the draft with a `?[comment?]?` link next to each section heading. Clicking on this link will launch your email application and begin a message to [tosca-comment@lists.oasis-open.org](mailto:tosca-comment@lists.oasis-open.org) [1] with the specific section number and title in the subject line. Simply enter your comment and click send.

Note that you must be subscribed to the comment mailing list before sending feedback. Instructions on how to subscribe can be found at [https://www.oasis-open.org/committees/comments/index.php?wg\\_abbrev=tosca](https://www.oasis-open.org/committees/comments/index.php?wg_abbrev=tosca) [2].

Additional information about the specification and the TOSCA can be found at the TC's public home page:

<https://www.oasis-open.org/committees/tosca/> [8]

Comments may be submitted to the TC by any person through the use of the OASIS TC Comment Facility which can be used by following the instructions on the TC's "Send A Comment" page, or directly at:

[https://www.oasis-open.org/committees/comments/index.php?wg\\_abbrev=tosca](https://www.oasis-open.org/committees/comments/index.php?wg_abbrev=tosca) [2]

Comments submitted by TC non-members for this work and for other work of this TC are publicly archived and can be viewed at:

<https://lists.oasis-open.org/archives/tosca-comment/> [9]

All comments submitted to OASIS are subject to the OASIS Feedback License, which ensures that the feedback you provide carries the same obligations at least as the obligations of the TC members. In connection with this public review of "", we call your attention to the OASIS IPR Policy [2] applicable especially [3] to the work of this technical committee. All members of the TC should be familiar with this document, which may create obligations regarding the disclosure and availability of a member's patent, copyright, trademark and license rights that read on an approved OASIS specification.

OASIS invites any persons who know of any such claims to disclose these if they may be essential to the implementation of the above specification, so that notice of them may be posted to the notice page for this TC's work.
