The OASIS Universal Business Language (UBL) TC [1] members have recently approved a Committee Note Draft (CND) and submitted it for 30-day public review:

UBL Naming and Design Rules Version 3.0  
Committee Note Draft 01 / Public Review Draft 01  
16 March 2016

**Overview:**

This committee note describes the application of the OASIS Business Document Naming and Design Rules (NDR) to the OASIS UBL 2.1 specification.

NOTE: For the convenience of readers familiar with the previously-published "UBL Naming and Design Rules Version 3.0" Committee Specification Public Review Draft 02, please note that the normative, technical content of that work was moved to a new work product "Business Document Naming and Design Rules Version 1.0" Committee Specification Draft 01. The public review for that document will be announced separately.

This work has been created as a non-normative Committee Note to assist reader's understanding of the naming and design rules.

**Public Review Period:**

The public review starts 05 April 2016 at 00:00 UTC and ends 04 May 2016 at 23:59 UTC.

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

Reviewers may provide comments directly from the comment-tag version of document. The file
