

45-day Public Review for EDXL Situation Reporting (EDXL-SitRep) V1.0

Submitted by cesign on Mon, 2012-06-04 19:34

Type:

Public Review

The OASIS Emergency Management TC members [1] have produced an updated Committee Specification Draft (CSD) and submitted this specification for 45-day public review:

Emergency Data Exchange Language Situation Reporting (EDXL-SitRep) Version 1.0
Committee Specification Draft 02 / Public Review Draft 02
08 May 2012

URIs:

The complete package of the prose specification document and related files are available in the ZIP distribution file at:

<https://www.oasis-open.org/committees/download.php/46170/edxl-sitrep-v1....> [1]

Specification Overview:

This XML-based Emergency Data Exchange Language (EDXL) Situation Reporting specification describes a set of standard reports and elements that can be used for data sharing among emergency information systems, and that provide incident information for situation awareness on which incident command can base decisions

TC Description:

The OASIS Emergency Management Technical Committee has recently completed and approved as a Committee Specification, the Emergency Data Exchange Language (EDXL) Common Alerting Protocol (CAP) v1.2 Australia (AU) Profile Version 1.0.

In addition to completing and approving the Emergency Data Exchange Language Situation Reporting v1.0 Committee Specification 02 and advancing it to a second Public Review, it is expected that this TC will also complete and approve The Emergency Data Exchange Language Distribution element v2.0 as a new Committee Specification Draft and advance it also for Public Review.

Public Review Period:

The public review starts 5 June 2012 and ends 20 July 2012. The specification was previously submitted for public review [2]. This 45-day review is limited in scope to changes made from the previous review. Changes are highlighted in the diff-marked PDF file in the review package.

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others,

whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

Additional information about the specification and the OASIS Emergency Management TC may be found at the TC's public home page located at:

<http://www.oasis-open.org/committees/emergency/> [2]

Comments may be submitted to the TC by any person through the use of the OASIS TC Comment Facility which can be accessed via the button labeled "Send A Comment" at the top of the TC public home page, or directly at:

http://www.oasis-open.org/committees/comments/form.php?wg_abbrev=emergency [3]

Feedback submitted by TC non-members for this work and for other work of this TC is publicly archived and can be viewed at:

<http://lists.oasis-open.org/archives/emergency-comment/> [4]

All comments submitted to OASIS are subject to the OASIS Feedback License, which ensures that the feedback you provide carries the same obligations at least as the obligations of the TC members. In connection with this public review of Emergency Data Exchange Language Situation Reporting (EDXL-SitRep) Version 1.0, we call your attention to the OASIS IPR Policy [3] applicable especially [4] to the work of this technical committee. All members of the TC should be familiar with this document, which may create obligations regarding the disclosure and availability of a member's patent, copyright, trademark and license rights that read on an approved OASIS specification.

OASIS invites any persons who know of any such claims to disclose these if they may be essential to the implementation of the above specification, so that notice of them may be posted to the notice page for this TC's work.
