
60-day Public Review for XACML v3.0 COS01

Submitted by cesign on Sat, 2012-10-06 19:24

Type:

Public Review

Members of the OASIS eXtensible Access Control Markup Language (XACML) TC [1] have recently approved a Special Majority Ballot [2] to advance eXtensible Access Control Markup Language (XACML) Version 3.0 as a Candidate OASIS Standard (COS). The COS now enters a 60-day public review period in preparation for a member ballot to consider its approval as an OASIS Standard.

eXtensible Access Control Markup Language (XACML) Version 3.0
Candidate OASIS Standard 01
26 September 2012

Specification Overview:

This specification defines version 3.0 of the extensible access control markup language.

TC Description:

The XACML Technical Committee defines a core XML schema for representing authorization and entitlement policies.

Public Review Period:

The 60-day public review starts 08 October 2012 and ends 07 December 2012.

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

URIs:

The prose specification document and related files are available here:

Additional information about the specification and the OASIS eXtensible Access Control Markup Language (XACML) TC may be found at the TC's public home page:

<http://www.oasis-open.org/committees/xacml/> [5]

Comments may be submitted to the TC by any person through the use of the OASIS TC Comment Facility which can be located via the button labeled "Send A Comment" at the top of the TC public home page, or directly at:

https://www.oasis-open.org/committees/comments/index.php?wg_abbrev=xacml [6]

Comments submitted by TC non-members for this work and for other work of this TC are publicly archived and can be viewed at:

<http://lists.oasis-open.org/archives/xacml/> [7]

All comments submitted to OASIS are subject to the OASIS Feedback License, which ensures that the feedback you provide carries the same obligations at least as the obligations of the TC members. In connection with this public review of eXtensible Access Control Markup Language (XACML) Version 3.0, we call your attention to the OASIS IPR Policy [3] applicable especially [4] to the work of this technical committee. All members of the TC should be familiar with this document, which may create obligations regarding the disclosure and availability of a member's patent, copyright, trademark and license rights that read on an approved OASIS specification.

OASIS invites any persons who know of any such claims to disclose these if they may be essential to the implementation of the above specification, so that notice of them may be posted to the notice page for this TC's work.
