TC Administration announcements

OASIS is pleased to announce that Darwin Information Typing Architecture (DITA) V1.3 Errata 02 from the OASIS Darwin Information Typing Architecture (DITA) TC [1] is now an Approved Errata.

DITA is a specification for creating, maintaining, and publishing modular content. It is designed to support systems that maximize reuse of material. This document contains errata for Darwin Information Typing Architecture (DITA) Version 1.3.

The prose specifications and related files are available here:

Darwin Information Typing Architecture (DITA) Version 1.3 Errata 02

OASIS Approved Errata

19 June 2018

HTML (Authoritative):

Distribution ZIP file

For your convenience, OASIS provides a complete package of the prose specification and related files in a ZIP distribution file. You can download the ZIP file here:

<http://docs.oasis-open.org/dita/dita/v1.3/errata02/os/dita-v1.3-errata02...> [15]

Members of the DITA TC approved this specification by Full Majority Vote. The specification had been released for public review as required by the TC Process [2]. The vote to approve as a Approved Errata passed [3], and the document is now available online in the OASIS Library as referenced above.

Our congratulations to the TC on achieving this milestone and our thanks to the reviewers who provided feedback on the specification drafts to help improve the quality of the work.
