

Energy Interoperation Version 1.0 (#energyinterop) becomes an OASIS Standard

Submitted by censign on Thu, 2014-06-12 13:59

Type:

OS Approval

OASIS Open is pleased to announce that Energy Interoperation Version 1.0 has been approved by the membership as an OASIS Standard [1].

The call to vote was issued on 28 May 2014 [2] and the ballot closed 11 June 2014. A minimum of 45 affirmative votes were needed in order to win approval. The final vote tally was 60 with no negative votes cast.

TC Administration will now prepare and publish the final OASIS Standard and notify members when it is available.

Our congratulations to the members of the TC and to the community of implementers, developers and users who have brought the work successfully to this milestone
