
Invitation to comment on Emergency Data Exchange Language (EDXL) Hospital Availability Exchange (HAVE) v2.0 - ends August 31st

Submitted by pknight on Fri, 2018-08-17 00:26

Type:

Public Review

We are pleased to announce that the OASIS Emergency Management TC members have recently approved a Committee Specification Draft (CSD) and submitted it for a 15-day public review:

Emergency Data Exchange Language (EDXL) Hospital Availability Exchange (HAVE) Version 2.0
Committee Specification Draft 03 / Public Review Draft 03
14 August 2018

Overview:

EDXL-HAVE (HAVE) is an XML messaging standard primarily for exchange of information related to health facilities in the context of emergency management. HAVE supports sharing information about facility services, bed counts, operations, capacities, and resource needs so first responders, emergency managers, coordinating organizations, hospitals, care facilities, and the health community can provide each other with a coherent view of the health system. The Emergency Management TC approved this draft on 14 August 2018.

Public Review Period:

The public review starts 17 August 2018 at 00:00 UTC and ends 31 August 2018 at 23:59 UTC.

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

Note that you must be subscribed to the comment mailing list before sending feedback. Instructions on how to subscribe can be found at https://www.oasis-open.org/committees/comments/index.php?wg_abbrev=emerg... [1]

URIs:

The prose specification document and related files are available here:

Additional information about the specification and the Emergency Management TC can be found at the TC's public home page:

<https://www.oasis-open.org/committees/emergency/> [7]

Comments may be submitted to the TC by any person through the use of the OASIS TC Comment Facility which can be used by following the instructions on the TC's "Send A Comment" page, or directly at:

https://www.oasis-open.org/committees/comments/index.php?wg_abbrev=emerg... [1]

Comments submitted by TC non-members for this work and for other work of this TC are publicly archived and can be viewed at:

<https://lists.oasis-open.org/archives/emergency-comment/> [8]

Please note: This draft reflects the TC's request also to permit HL7 International to accept and approve the specification, once finalized, as an HL7 Informative Document, jointly branded in the manner illustrated in the draft.

All comments submitted to OASIS are subject to the OASIS Feedback License, which ensures that the feedback you provide carries the same obligations at least as the obligations of the TC members. In connection with this public review of "Emergency Data Exchange Language (EDXL) Hospital AVailability Exchange (HAVE) Version 2.0", we call your attention to the OASIS IPR Policy [1] applicable especially [2] to the work of this Technical Committee. All members of the TC should be familiar with this document, which may create obligations regarding the disclosure and availability of a member's patent, copyright, trademark and license rights that read on an approved OASIS specification.

OASIS invites any persons who know of any such claims to disclose these if they may be essential to the implementation of the above specification, so that notice of them may be posted to the notice page for this TC's work.
