TC Administration announcements

OASIS is pleased to announce the approval and publication of an OASIS Committee Note (CN) by the members of the OASIS Transformational Government Framework TC [1]:

Mapping OASIS TGF to ISO 38500: An Introduction Version 1.0  
Committee Note 01  
18 December 2014

**Overview:**

"Mapping OASIS TGF to ISO 38500" is intended to serve as a contribution to a discussion within ISO/IEC JTC 1/SC 40 (IT Service Management and IT Governance?), the objective of which is to determine possible future work based on a mapping between the OASIS Transformational Government Framework Standard and the ISO 38500-series of deliverables covering Governance of Information Technology?.

The result of such mapping could lead to the OASIS TGF TC recommending the existing (or a future) version of the TGF Standard to JTC 1 as a PAS submission or identifying requirements for a new work item, within the OASIS TGF TC (with an objective of future submission to JTC 1) or directly within JTC 1/SC 40 itself (with the TGF TC providing input via OASIS liaisons and nominated experts to the SC 40 working group designated to work on this).
