Member Review of Proposed Submission of #OData v4.0 and OData JSON Format v4.0 to ISO/IEC JTC 1

Submitted by censign on Mon, 2015-01-12 21:19
Type: Spec Submitted for OS Approval

The members of the OASIS Open Data Protocol (OData) TC [1] have requested that OASIS submit the following OASIS Standards:

OData Version 4.0
OASIS Standard incorporating Approved Errata 02
30 October 2014

and

OData JSON Format Version 4.0 Plus Errata 02
OASIS Standard incorporating Approved Errata 02
30 October 2014

The OASIS Liaison Policy [3] requires that management approve or reject the Request as meeting the policy’s requirements; if it is accepted, the policy requires that the Request be posted for member review for 30 days, for comment on the proposed terms, before transmitting it to JTC 1.

The specifications were approved as OASIS Standards, and with the incorporation of all Approved Errata, can be reviewed at the links listed here:

The OASIS TC’s Submission Request, which meets each of the applicable criteria of the Liaison Policy, can be found here:

https://www.oasis-open.org/committees/download.php/53050/Submission%20re... [2]

The Request describes the proposed terms of submission and maintenance for the standards.
Member Review Period:

The member public review starts 13 January 2015 at 00:00 UTC and ends 11 February 2015 at 23:59 UTC.

This is an open invitation to OASIS members to comment on the proposed terms of submission, described in the Request. Comments may be submitted by any OASIS member to the TC by directing them to the oasis-member-discuss@lists.oasis-open.org mailing list. Members should not need to subscribe to the list as each member should be able to use it automatically. If you have a problem posting to it, let us know. Please direct any other questions to tc-administration@lists.oasis-open.org.

Comments submitted to that list are publicly archived and can be viewed here:
