Type:

TC Administration announcements

We are pleased to announce the approval and publication of a new Committee Specification by the members of the Privacy Management Reference Model TC:

Privacy Management Reference Model and Methodology (PMRM) Version 1.0
Committee Specification 01
03 July 2013

Overview:

The Privacy Management Reference Model and Methodology (PMRM, pronounced ?pim-rim?) provides a model and a methodology for:

- understanding and analyzing privacy policies and their privacy management requirements in defined use cases; and
- selecting the technical services which must be implemented to support privacy controls.

It is particularly relevant for use cases in which personal information (PI) flows across regulatory, policy, jurisdictional, and system boundaries.

URIs:

The prose specification and related files are available here:

PDF (Authoritative):

HTML:

<http://docs.oasis-open.org/pmr/PMRM/v1.0/cs01/PMRM-v1.0-cs01.html> [2]

Editable source:

<http://docs.oasis-open.org/pmr/PMRM/v1.0/cs01/PMRM-v1.0-cs01.doc> [3]

Distribution ZIP files

For your convenience, OASIS provides a complete package of each prose specification and related files in a ZIP

distribution file. You can download the ZIP files here:

<http://docs.oasis-open.org/pmrm/PMRM/v1.0/cs01/PMRM-v1.0-cs01.zip> [4]

Members of the OASIS Privacy Management Reference Model (PMRM) Technical Committee [1] requested a Special Majority Vote to approve this specification as a Committee Specification. The specification had been released for public review as required by the TC Process [2]. The vote to approve as a Committee Specification passed [3], and the approved CS01 is now available online in the OASIS Library as referenced above.

Our congratulations to the TC on achieving this milestone.
