# Public Review for ebCore Agreement Update Specification V1.0 - ends December 9th

Submitted by cesign on Mon, 2015-11-09 14:57

**Type:**

Public Review

The OASIS ebXML Core (ebCore) TC [1] members have recently approved a Committee Specification Draft (CSD) and submitted it for 30-day public review:

ebCore Agreement Update Specification Version 1.0  
Committee Specification Draft 01 / Public Review Draft 01  
20 October 2015

**Overview:**

The ebCore Agreement Update specification defines message exchanges and an XML schema to support the exchange of messaging service communication agreement update requests and the associated responses to such requests. The main initial application of the specification is the exchange of X.509 certificates for certificate rollover, but the schema offers extensibility for other types of updates.

The specification is based on the concept of messaging service communication agreements and the creation of new agreements as independently identified updated copies of existing agreements. The specification supports ebMS2, ebMS3 and AS4 but can also be used with other protocols that have a concept of communication agreement.

The specification is independent of storage or interchange formats for configuration information.

**Public Review Period:**

The public review starts 10 November 2015 at 00:00 UTC and ends 09 December 2015 at 23:59 UTC.

This is an open invitation to comment. OASIS solicits feedback from potential users, developers and others, whether OASIS members or not, for the sake of improving the interoperability and quality of its technical work.

Reviewers may provide comments directly from the comment-tag version of document. The file

<http://docs.oasis-open.org/ebcore/ebcore-au/v1.0/csprd01/ebcore-au-v1.0-...> [1]

contains the HTML version of the draft with a [?\[comment?\]?](#) link next to each section heading. Clicking on this link will launch your email application and begin a message to [ebcore-comment@lists.oasis-open.org](mailto:ebcore-comment@lists.oasis-open.org) [2] with

the specific section number and title in the subject line. Simply enter your comment and click send.

Note that you must be subscribed to the comment mailing list before sending feedback. Instructions on how to subscribe can be found at [https://www.oasis-open.org/committees/comments/index.php?wg\\_abbrev=ebcore](https://www.oasis-open.org/committees/comments/index.php?wg_abbrev=ebcore) [3].

Additional information about the specification and the OASIS ebXML Core (ebCore) TC can be found at the TC's public home page:

<https://www.oasis-open.org/committees/ebcore/> [11]

Comments may be submitted to the TC by any person through the use of the OASIS TC Comment Facility which can be used by following the instructions on the TC's "Send A Comment" page, or directly at:

[https://www.oasis-open.org/committees/comments/index.php?wg\\_abbrev=ebcore](https://www.oasis-open.org/committees/comments/index.php?wg_abbrev=ebcore) [3]

Comments submitted by TC non-members for this work and for other work of this TC are publicly archived and can be viewed at:

<https://lists.oasis-open.org/archives/ebcore-comment/> [12]

All comments submitted to OASIS are subject to the OASIS Feedback License, which ensures that the feedback you provide carries the same obligations at least as the obligations of the TC members. In connection with this

public review of "ebCore Agreement Update Specification Version 1.0", we call your attention to the OASIS IPR Policy [2] applicable especially [3] to the work of this technical committee. All members of the TC should be familiar with this document, which may create obligations regarding the disclosure and availability of a member's patent, copyright, trademark and license rights that read on an approved OASIS specification.

OASIS invites any persons who know of any such claims to disclose these if they may be essential to the implementation of the above specification, so that notice of them may be posted to the notice page for this TC's work.
