**Type:**

TC Administration announcements

We are pleased to announce that Test Assertions Model Version 1.0 OASIS Standard has been published and is available in the OASIS Library. The Standard defines a model for Test Assertions that are associated with a specification, and defines their use and semantics. The OASIS membership approved the Committee Specification as an OASIS Standard on 15 October 2012.

We congratulate the OASIS Test Assertions Guidelines (TAG) Technical Committee on achieving this milestone.

Test Assertions Model Version 1.0  
OASIS Standard  
15 October 2012

The prose specification document and related files are available here:

PDF (Authoritative):
