Public Review

The Candidate OASIS Standard 01 submitted for 60 day public review as announced in <https://lists.oasis-open.org/archives/members/201310/msg00008.html> [1] contains an inadvertent error caused by TC Administration during publication of the COS.

At the request of the TC chair, I am halting the review. A new Candidate OASIS Standard 02 will be prepared and a new public review will be started.

My apologies to TC and members of any inconvenience.
