Type:

OS Approval

OASIS is pleased to announce that XLIFF Version 2.0 has been approved by the membership as an OASIS Standard [1].

The call to vote was announced on 23 July 2014 [2] and closed 05 August 2014. A minimum of 43 affirmative votes were needed in order to win approval. The final vote tally was 56 with no negative votes cast.

TC Administration will now prepare and publish the final OASIS Standard and notify members when it is available.

Our congratulations to the members of the TC and to the community of implementers, developers and users who have brought the work successfully to this milestone
