

Daniel Riedel

Daniel

Riedel

New Context

 [riedel.jpg](#) [1]

Daniel Riedel serves on the OASIS Board of Directors; his term extends to July 2021. Daniel founded New Context, a technology and product development firm focusing on securing critical infrastructure. He is also co-founder of the Internet of Things (IoT)-ISAO, which is dedicated to the sharing of best practices, security research and threat intelligence, both physical and cyber, for IoT. Daniel is currently a member of the OASIS Cyber Threat Intelligence (CTI) Technical Committee, a Member of Infragard and graduate of the FBI Citizens Academy.

With over 20 years of experience in technology and operational infrastructure, Daniel is an entrepreneur with expertise building secure, scalable technologies and businesses. He has published a variety of positions on cybersecurity and threat intelligence, writing for publications such as *TechCrunch*, *Wired*, *Washington Post*, *Dark Reading* and *Federal Times* and has often been a speaker at global events, including testifying before the U.S. Senate Committee on Energy and Natural Resources.
