Jason Keirstead serves on the Board of Directors; his term extends to July 2021. Jason is an IBM Senior Technical Staff Member and a Senior Architect for IBM Security. He has over 15 years of experience in security intelligence and has been highly involved in the design and development of many of IBM Security's portfolio of security intelligence products. Jason has also been involved in open technology for decades, contributing to and serving as maintainer of several major open source projects over the years. He also serves as a co-chair of the [OASIS Cyber Threat Intelligence Interoperability Subcommittee](#) [2], where he enjoys helping to define the future of these evolving cybersecurity standards. He loves to work on challenging problems, and his primary mission is to enable simple, intuitive solutions that help to solve the complex problems of clients. Jason holds a B. CS. degree from the University of New Brunswick.
