Kristen Eberlein

Kristen Eberlein was recognized as an OASIS Distinguished Contributor [2] in 2019. Kristen, as DITA TC [3] chair, has been a vital participant and leader in the community for over a decade. She led the TC through several complex releases of the DITA standard and championed initiatives such as Lightweight DITA and the DITA User Listening Sessions. Her experience as a technologist and an implementer makes her a compelling evangelist for OASIS and the DITA community.
