Technical Advisory Groups to ISO

In partnership with the American National Standards Institute (ANSI), OASIS administers U.S. Technical Advisory Groups. TAGs represent the interests of American organizations and enable the U.S. to have a voice in the global standards produced by the International Organization for Standardization (ISO).

Current TAGs:

[U.S. TAG to ISO/PC 317](#)

[Consumer Protection: Privacy by Design for Consumer Goods and Services](#) [1]

[U.S. TAG to ISO/TC 324](#)

[Sharing economy](#) [2]

Previous TAG:

[U.S. TAG to ISO/?P?](#) [3][C 295](#) [3] [3]

[Audit data services](#)[3]

Get involved. TAG participation is open to any organization that operates in the United States. Contact communications@oasis-open.org for details.
