The International Standards Organization (ISO) Technical Committee 324 [1] is defining a broad set of global standards for the Sharing Economy. OASIS, in partnership with the American National Standards Institute (ANSI), has brought together leaders from the largest online platforms, innovative startups, technology companies, financial services providers, and nonprofits to represent American interests in this global initiative.

Current Members

US TAG membership

Funding for the US TAG is provided by members in the group. TAG members receive:

- Global recognition as leaders in the Sharing Economy marketplace
- Official voice in the global debate on the Sharing Economy
- **Ability to ensure the US position on Sharing Economy issues is represented** in the ISO standards and in any policy and compliance requirements that result
- **Ability to ensure their organization's positions and interests are represented** in ISO/TC 324
- **Promotional benefits**: press releases, webinars, and focused events

TAG membership is open to all organizations doing business in the US. For more information, contact: communications@oasis-open.org [24].
